CENSUS BUREAU'S TENTATIVE SUMMARY OF INDUSTRIES IN THIS CITY, CAPITAL INVESTED AND NUMBER OF EMPLOYES.

Special to the Journal. Washington, D. C., April 5 .- A preliminary statement of the general results of the census of manufactures of the city of Pensacola, Florida, for the ear 1909, was issued today by Census Director Durand. It consists of a summary comparing the figures for 1994 and 1909, prepared under the direction of Mr. William M. Steuart, chief statis-

Steam laundries are separatel; presented because the thirteenth census was the first in which they were canvassed, and, therefore, there are no statistics for prior censuses with which these totals can be compared.

The figures are preliminary and subect to such revision as may be necessary after a further examination of the original reports.

The summary shows increases of 54 per cent in the number of establish. ments: 16 per cent in the cost of materials used; 2 per cent in the number of salaried officials and clerks; 1 per 14 cent in capital invested; and 1 per cent in the value of products. There were 114 decreases of 20 per cent in the average 14 number of wage-earners employed 114 during the year; 13 per cent in miscel laneous expenses; 10 per cent in the and value added by manufactures; and 1 per cent in salaries and wages.

There were 60 establishments in 1909, 109 as compared with 39 in 1904; an in 111 crease of 21, or 54 per cent.

The value of products in 1909 was 119 \$1,963,000, and \$1,937,000 in 1904; an increase of \$26,000, or 1 per cent. The up, average per establishment was approximately \$33,000 in 1909, and about 94 \$50,000 in 1904.

The value of products represents their selling value or price at the 109 plants as actually turned out by the 109 factories during the census year, and does not necessary have any relation 111 to the amount of sales for that year. The values under this head also include the amount received for worl done on materials furnished by others, Further details can be drawn from the tabular summary which follows:

# Dr. Stone Now With Us.

The United Specialists have always prided themselves in being upto-date in their treatments, and in having with them the foremost specialists of the day. They announce to-day an addition to their Pensacola staff of experts that should inter-

est the sick and afflicted of Florida. We refer to the

## RENOWNED DR. STONE.

Dr. Stone comes direct from the famed medical centers of Chicago and comes for the express purpose of lending his skill to the further upbuilding of the large and constantly growing practice established nearly a year ago by the United Specialists, who are a staff of experts with offices throughout the South. The demand upon the Pensacola office has been such that they have been forced to add this additional expert to their already large staff.

### DOCTOR BUSY TUESDAY AND WEDNESDAY

Tuesday and Wednesday were very busy days for the doctors. A special invitation had been sent to all old patients to call and meet the new doctor, as well as the president of the staff from Jacksonville. Many came and felt well repaid. Dr. Stone is regarded by us as one of the greatest diagnosticians of the day. It is easy to cure a disease—the difficulty is to locate the trouble; that is the

### SECRET OF HIS SUCCESS.

Dr. Stone is a physician of wide experience. This experience enables him to at once search out the hidden mystery of disease, and, by the application of proper remedies and treatments, see the bloom of health supplant the palor of sickness, decay and death.

You are invited to consult this doctor any day during the next 10 days free of charge. His hours are from 9 to 12, 1 to 5 and Monday, Wednesday, Friday and Saturday evenings from 7 to 8; Sunday from 9 to 1. The offices of the United Specialists is on the third floor of the Thiesen Building, entrance directly in front of the elevator.
